Subject: ESA update for PPDC

Hi Phil,

Just wanted to make sure you were working on this, given that it's due on Monday.
Happy to review a draft once available.

Also, just had a general w Rick and I communicated the notes from this morning's ESA meeting. He thinks we will likely get clearance on releasing the draft BEs for carbaryl/methomyl no earlier than next week. I'll let you know if I hear anything different.

Finally, I'm having issues accessing sharepoint and onedrive and have reported it to EZ Tech.

Thanks,

Anita

Thanks,

Anita
